**Pick two sites that you like-**
- Have at least two reasons you like it.
- Have at least two things you would change.
  
  Include something simple from another if you like.

**Answer these questions:**

- Do we need a description of all the links?
- Do we have too many links?
  - Movies, music and books combined?
- Whatever choice should have links along bottom?
  - Site map?
- Add a descriptive line?
- Should the description be the rollover? – We need specifics if we do this?
